BROTHERHOODS MAKE DEMAND WAGE INCREASE

September 6 is Date Set for Men to Leave Their Jobs

CLEVELAND, Aug. 26.—A. F. Whitney, president of the Brotherhood of Railroad Trainmen, announced today that the union representing five railway brotherhoods had authorized a strike for September 6 in support of demands for a general 20 per cent wage increase.

Whitney said the committee, carrying on negotiations in Chicago, set 6 a.m. of September 6 as the time for members of the brotherhood to begin leaving their jobs.

The organizations involved, he said, are the Brotherhood of Railroad Trainmen, the Brotherhood of Locomotive Engineers, the Brotherhood of Electrical Union, the Brotherhood of Railway Car and Equipment Workers, the Brotherhood of Railway Clerks, and the Brotherhood of Railway and Air Transport.

The membership of the group totals approximately 200,000 men, Whitney said.

Three weeks of conferences between a committee of 13 representatives of the five brotherhoods and the railroad industry failed to bring about the five "operating" brotherhoods ended suddenly with announcement by chairman A. F. Whitney that the union would go on strike.

The membership of the group totals approximately 200,000 men, Whitney said.

Japanese March to Conquest in Blasted Path

ON HEELS OF TIENTSIN'S FLEEING DEFENDERS

The way cleared by devastating artillery fire, East station at Tientsin to take position from the Chinese defenders had been ruined. The unarmored objects within the station grounds, the structure was virtually destroyed in the bombardment to capture control of the rail terminus.

BRANCH OUT WITH CAMOUFLAGE

Camouflage hasn't changed much since Shakespeare's day, but it has become increasingly valuable. Japanese troops in the advance on Tientsin hide from the eyes of Chinese aviators under a camouflage of branches that recall the use in "Macbeth."

Colored Murals Attract Indian

Within Arctic

Far North Church Decorated by Mission Staff Houses Quaint Ceramics Pleasing to Natives.

FORT GOOD HOPE, N.W.T.

Aug. 26.—Black-haired, brown-skinned arctic, cherubim and angels, make the Oblate Order's mission church at this little post, 10 miles inside the Arctic circle, the Mackenzie River's most noted show place.

The little wooden building beside the dark-headed heavily bearded men who were erected 70 years ago by Father Paton and Brother Ansel, French missionaries. It has a night blue ceiling with gold stars and a white space is covered with murals, pictures and other decorations made by the two aboriginal artists from materials available at the fort.

All lumber was sawed by hand and the original church, before repairs were effected in later years, contained no nails. It was pegged together. At first it contained no ornament, but the two men worked together for a year or so. The Indians, he reasoned, would be more likely to consider themselves contented with a few simple things if they saw the heavenly population in the murals.

With Brother Ansel, the priest went to the north's most arctic church. The altar, carved at Fort Good Hope, are large murals of the Holy Family and the Temptation. The figures are white.

Three fathers and a brother staff the mission now. Father Jean-Louis Michel, the superior, and Father Gabriel Houssin and Victor Pichon, all from France. Father Houssin is 42 years old. The one brother, Brother Lattelle, is a Canadian who calls Cole, Quebec.

Brother Lattelle says: "I am the woman of the house. I do the cooking and look after the place." He is going home for a holiday this fall and will be back on the first boat next spring.

CHICAGO, Aug. 26.—Eight thousand shipper porters won a wage increase of \$12 per month today when the Pullman company agreed a working agreement with the Brotherhood of Sleeping Car Porters.

Okanagan Fruit Will Probably Go To Dried Areas

KELOWNA, B.C., Aug. 26.—Okanagan fruit ranchers say they expect W. W. Camp, chairman of the Saskatchewan rural relief committee, to arrive in Kelowna today to discuss shipment of fruit to the drought-stricken areas of Saskatchewan.

Last year Okanagan growers sent 10 carloads of fruit and vegetables to Saskatchewan.

Of the orchards theories he says "They result from a disease known as 'intercultural disease'."

Communism is defined by Scott as a "philosophy of self fulfillment having to regard for physical reality."

He labels Fascism as "The consolidation of all minor interests into a major monopoly for the preservation of the present system."

While visiting Edmonton in 1935 he defined Social Credit as:

"An economic ladder designed to bring a group of individuals to a condition of equality, designed to keep the individual from falling a little while longer."

Technocracy he defines as "that branch of science that deals with social engineering."

Technocracy, he claims, advocates no overtime of the present system and does nothing to bring about a condition of equality.

SOUTH ALBERTA POTATO CROPS BEST IN YEARS

CALGARY, Aug. 26.—Southern Alberta's best potato crop in several years will be picked from the ground this fall, growers predicted. Samples of early varieties which have been turned out for family dining so far have been well formed, large and free from ailments.

The main crop will not be ready for another few weeks. Samples and prospects have left wholesalers with long faces. "We don't expect to place many 'spuds' in retail stores until late fall," one of them said. "Most people will be well supplied by their own grow."

Spain Rebels Given Threat By Britishers

Strong Protest Sent Franco for Piracy of Mediterranean

LONDON, Aug. 26.—Strong by what the Times called "piracy" in the Mediterranean, the British government today threatened Spanish insurgents with reprisals.

Through its Spanish ambassador, Sir Horace Chilton, at Madrid, a protest was transmitted to General Franco, saying warning against a repetition of attacks on British ships.

There is any repetition of these attacks," the protest said, "the British government must reserve to themselves the right to take such action as may be deemed necessary."

The action followed upon the recent attack by two planes to bomb the freighter Neosidula in the western Mediterranean. The freighter, carrying phosphates to Barcelona, Spanish government port
